My day at the Drivhuset:

At 6.30 – The KKFO opens in the morning. (Morning opening – KKFO's two permanent morning openers welcome). May children are with other KKFO children in the period 6.30-8.00.

At 8.00-9.00 – The group rooms open for the May children. Play in the groups and reception of May children who come to the common room/Greenhouse. Packed lunches are placed in the fridge when you arrive.

At 9.00 – We are in the group rooms, where you are together with your May group. Collection: Here we talk, among other things, about Today's theme and programme, How are we doing ?, What date and season is it?, What's going on in the group? What are the children occupied with?

- After the gathering, we eat **9 meals (fruit/bread brought from home)**
- Subsequently, we work in the group with activities that are linked to the theme we are focusing on.
- There will be four days along the way. Watch for notification via AULA.

At approx. 11.30 – Lunch: We eat **packed lunches (brought from home)** together in the group room.

- After lunch we are outside/on the playground and playing in the house. (approx. 12.00-13.00) Remember to wear clothes that suit the weather. We provide for any sunscreen.

At 13.05-13.50 – Kindergarten classes come from school. The greenhouse opens as KKFO and the rooms of the house are open as function rooms. You can read on our monthly plan and calendar about all the exciting things that happen in the house in the afternoons in May and June. The focus is on relationships, play and familiarity with, and confidence in, attending KKFO. We help the new children settle in and talk about where they can find new and old friends, exciting activities, a familiar adult, etc.

At approx. 14.30 – Afternoon fruit: We eat afternoon fruit at the Greenhouse.

Afternoon: Activities inside and outside, See the activity calendar for further details. Children are picked up continuously. Thanks for today.
